P series

T series

MW series

* In the P 60 series, TurnTable and Lathe are one and the same tool which can be installed horizontally or vertically.

** In the T series, ShapeWire Tool and DoubleWire are not compatible. Only one of these two tools can be installed on the same machine.

*** Independent Axis Control upgrade = a new USB ARM-processor controller, special iXshaper software, wired remote control, modified trolleys, two wiring tracks, tensiometer- and motor-controlled automatic unlimited wire length change feature and more.

ORDERING TERMS AND CONDITIONS

INTERNATIONAL SALES DEPT

To contact our international sales department please call +43 664 163 0042 between 9AM and 4PM GMT Monday-Friday. You can also send us an e-mail to office@eps-machinery.com.

PRICES

Please note the attached prices **include**:

- the foam cutter
- the electronic controller
- FoamShaper controlling software (unlimited free future upgrades)
- 2-year warranty (all parts, electronics and mechanics; freight cost excluded)
- a 100-gram spool of wire
- operational and assembly manuals

The attached prices **do not include**:

- PC necessary to operate the machine
- design graphics software (we recommend CorelDraw or StyroDesign)
- paid options listed separately in the price list
- freight to your country (unless agreed otherwise between you and VIRO)

ORDERING AND PAYMENT

We accept orders via e-mail (office@eps-machinery.com). Normally we will acknowledge your order and ask for additional info (if required) within 48 hours.

We expect 30% advance payment at the time of placing your order, the 70% has to be received into our bank account prior to machine shipment. Invoice for the full amount, (indicating 30% advance payment and 70% prior to delivery) will be sent to you upon receipt of the order. Keep in mind, that international money transfers' bank processing may take up to a week. Letters of Credit are also accepted, please contact us for details.

Sorry, no cash, credit cards or C.O.D. accepted.

SHIPPING/DELIVERY

Shipping Terms as per individual agreements.

Our standard lead time is 6-8 weeks. This will be confirmed when acknowledging your order. We will attempt to meet all stated delivery schedules, but assumes no liability for delays due to our inability to obtain raw materials, supplies, or labor; or due to conditions over which we have no control, including, but not limited to, misdirected mail, computer malfunctions, fax machine malfunctions, delays of suppliers or carriers, acts of war, nature, or any other causes.

SET-UP AND TRAINING

All our foam cutters are disassembled prior to shipment and come with assembly manuals which usually prove sufficient for self-install. If any help is required during the set-up process feel free to contact us and we will be pleased to assist you. No expert knowledge or advanced tools are required for the set-up which – depending on the model – usually takes an inexperienced person 2-6 hours.

Our machines come with operational manuals which have proven sufficient for initial self-training. If any help is required feel free to contact us. If necessary, we can provide training in our facilities in Slovenija free of charge (a typical crash course takes app. 3 hours). Please contact us for details.

WARRANTY

All our foam cutters are covered by 2-year warranty (both electronics and mechanics). Should anything go wrong during this time, we will provide you with all the necessary replacement parts free of charge. (ex-works, freight cost excluded).
